Additional Declarations: Competing interest reported. BJM is a member of the Circumcision Academy of Australia, a not-for-profit, government registered, medical society that provides evidence-based information on male circumcision to parents, practitioners and others, as well as contact details of doctors who perform the procedure. JNK is co-inventor of a circumcision device patented by University of Washington. He has not received any income from this. BR declares that she has no competing interests. The authors have no religious or other affiliations that might influence the topic of MC.
